"...an exquisite gem of a play." - Irish Times

"A deeply touching and intelligent play." - Irish Times

Set in a small town cobbler's shop, four shoe-makers make the mundane marvellous as they transform themselves nightly into The Cavalcaders, a singing quartet that prides itself on harmony, comic patter and romantic sentiment. The Cavalcaders is a wistful memory play, blending music and comedy with a brutally honest depiction of emotional warfare and personal betrayal, as we witness the group, and particularly its leader Terry, disintegrate before our very eyes.

Terry is a man who, surrounded by love and friendship, is haunted by the woman who previously betrayed him and feels unworthy of the love and affection that is heaped all around him. Rejecting it, he propels himself into a cruel and tragic affair with a vulnerable young woman who adores him. Relief comes for him in the form of The Cavalcaders as they meet to rehearse at night in the little shoemakers shop. Hidden behind the harmony, though, lies discord as treachery, betrayal, guilt and sin lurk in the shadowy corners of their lives.

"Roche demonstrates again that he is the subtlest, deftest talent to have emerged this decade on either side of the Irish Sea" - The Times

"If you like the Irish tradition exemplified by J.M. Synge, Tom Murphy or Conor Mc Pherson, then you'll enjoy this...." -**British Theatre Guide**

The Cavalcaders by Billy Roche

A Nomad/Decadent Production Directed by Andrew Flynn
